“Flexible Spaces in All the Right Places” is what Fogg had in mind when designing their large portfolio of office, industrial and office/warehouse (flex) properties. Strategically located near major freeways in northeast Ohio, Fogg’s properties offer flexible floor plans, truck access and lease terms, as well as expansion opportunities for their growing customers.

Conveniently located mid-way between downtown Cleveland and downtown Akron, our properties in the upscale community of Brecksville, Ohio are located along I-77, just off the Ohio Turnpike (I-80). This building provides excellent office and warehouse space designed to be modified to fit the needs of each tenant.

“I have worked with various property managers finding corporate expansion facilities for the last twenty-five years in five different States and by far Ray Fogg Corporate Properties management services has the smoothest operations and the nicest people to work with.”
