“Flexible Spaces in All the Right Places” is what Fogg had in mind when designing their large portfolio of office, industrial and office/warehouse (flex) properties. Strategically located near major freeways in northeast Ohio, Fogg’s properties offer flexible floor plans, truck access and lease terms, as well as expansion opportunities for their growing customers.

Centrally located, these properties in Brooklyn Heights, Ohio, offer modern office, warehouse and flex space with great freeway access. The buildings are exceptionally attractive and well landscaped, resulting in a high profile image. Brooklyn Heights Business Centre I, II & III are located minutes from I-480, I-77, Jennings Freeway (Rt. 176), downtown Cleveland and Cleveland Hopkins International Airport.

“I have worked with various property managers finding corporate expansion facilities for the last twenty-five years in five different States and by far Ray Fogg Corporate Properties management services has the smoothest operations and the nicest people to work with.”

- **E & R Industrial**

“We have been pleased with the responsiveness of the entire Fogg organization. They are professional and a straightforward business partner.” - **Virginia Tile Company**
