**“Flexible Spaces in All the Right Places”** is what Fogg had in mind when designing their large portfolio of office, industrial and office/warehouse (flex) properties. Strategically located near major freeways in northeast Ohio, Fogg’s properties offer flexible floor plans, truck access and lease terms, as well as expansion opportunities for their growing customers.

Located in the I-480/I-71 corridor on the west side of Cleveland, Ohio, Puritas Industrial Park is easily accessible from I-480, I-71, and West 150th Street. Fogg’s Puritas Industrial Park properties offer office/warehouse space ranging from basic small efficient spaces, to large distribution and manufacturing space in the heart of Cleveland’s west side industrial market.

“I have worked with various property managers finding corporate expansion facilities for the last twenty-five years in five different States and by far Ray Fogg Corporate Properties management services has the smoothest operations and the nicest people to work with.”

- E & R Industrial

“We have been pleased with the responsiveness of the entire Fogg organization. They are professional and a straightforward business partner.” - Virginia Tile Company
