

# flexible spaces all the right places...

...**Snowville Business Centre I & II**  
55 Andrews Circle & 6400 West Snowville Rd.

“Flexible Spaces in All the Right Places” is what Fogg had in mind when designing their large portfolio of office, industrial and office/warehouse (flex) properties. Strategically located near major freeways in northeast Ohio, Fogg’s properties offer flexible floor plans, truck access and lease terms, as well as expansion opportunities for their growing customers.

Snowville Business Centre I & II are situated in the upscale community of Brecksville, Ohio. Located between Cleveland and Akron, the site is within minutes of I-77 and I-80 (Ohio Turnpike). The buildings provide excellent modern office/warehouse/flex space designed to easily modify floor plans and truck access to suit the needs of each tenant.

“The entire Fogg team provided tremendous cooperation during the leasing and construction of our new corporate headquarters and high bay distribution center. We are completely satisfied with the building and with the support that we’ve received from Fogg since we moved into our new facility” - Guardian Technologies
